T A U T A V E L

## AMAE 2024 IGP Côtes Catalanes Blanc

### Grape varieties :

50% Roussanne – 25% Grenache blanc – 25% Grenache gris

**Soils :** Clay-Limestone

**Vine growing :** Yield = 40 hL/ha

Sustainable agriculture with respect for biodiversity, exploitation of High Environmental Value, organic amendment.

### Winemaking

Direct pressing. Temperature-controlled fermentation.

Aged on lees in French oak barrels.

**Alcool :** 13% vol.

**Capacity :** 75 cl

**Description :** A great white wine from the south of France, the perfect challenger to Burgundy, at a very affordable price. Produced from vines dating from 1908, Grenache and Roussanne offer fine notes of white fruit and a few finely woody notes from aging in French oak barrels produced by the best coopers in Burgundy. A resolutely premium wine appreciated by great Chefs.

*"[...] Such a unique combination of flavours and textures that could only come from Roussillon. There are chive flowers and lemon zest in that sweet-earth-chestnut taste of baby Jersey potatoes. I can taste honey and lime under the floaty flirty gauze of jasmine. And lanolin from the Grenache Gris (thank you very much). The oak has made a firm imprint on the nose and palate, but just when you think about pronouncing that the wine is too oaky, everything else catches up and caboodles the oak into the boot."* Jancis Robinson [2023]

Indication Géographique Protégée

CÔTES CATALANES BLANC 2023
